

Software **SILDIS**® for acoustics & aerodynamics (Excel based): optimized designs within your reach for building, industry

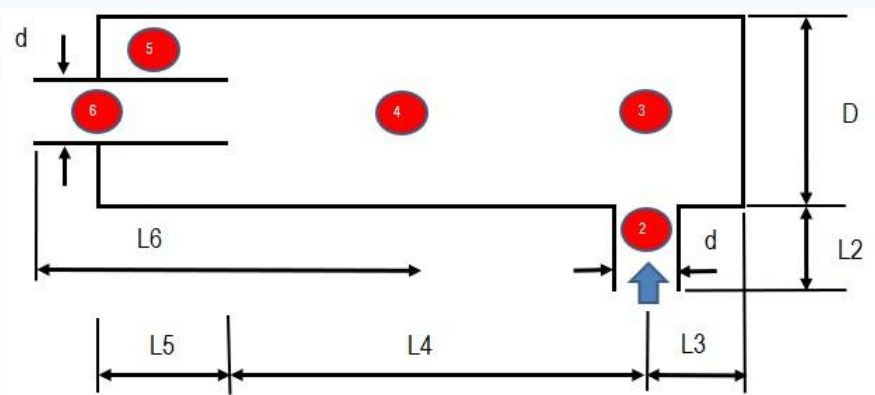

**Sound Impact Limitation:
Design for Industrialized
Solutions**

- Development & validation ISO 9001 certified
 - Near-perpetual license (100 years)

Software SILDIS® Module 1B: for all reactive silencers - with expansion chamber(s) and/or with perforated tube(s)

- Sound transmission loss, noise reduction, insertion loss, flow noise and total pressure loss
